Two new exclusive fashion lines by BRABUS

BRABUS "BRANDWEAR COLLECTION" and the strictly limited "G CAPSULE COLLECTION"

BRABUS has long since ceased to be merely a globally renowned manufacturer of high-performance supercars and the world's largest independent automotive refinement specialist. The product range of **BRABUS** (Brabus-Allee, D-46240 Bottrop, phone+ 49 / (0) 2041 / 777-0, fax + 49 / (0) 2041 / 777 111, Internet www.brabus.com) also comprises a range of **BRABUS** Marine recreational watercraft that is meeting with global success. In addition, **BRABUS** is a lifestyle brand as well with a broad range of products that includes exclusive fashion accessories.

The **BRABUS** Online Shop at www.shop.brabus.com now offers two new **BRABUS** clothing lines that fascinate equally on account of their extravagant design and their outstanding materials and first-class workmanship. Both collections are produced in Portugal.

The new **BRABUS** "BRANDWEAR COLLECTION" with sporty and elegant styling mirrors the lifestyle of the company founded in 1977 and comprises unique pieces whose focus is on high-quality materials, outstanding workmanship and exquisite details, the same as for all **BRABUS** automobiles. The range starts with black or white high-quality cotton T-shirts sporting the distinctive **BRABUS** logotype on the front. They come in sizes S to XXL. Depending on the selected variant, the outline is black on a white shirt or tone-in-tone on the black variant.

As an alternative, the shop also sells T-shirts that pick up another characteristic feature of a **BRABUS** supercar: The bright red color that has adorned the covers of the **BRABUS** high-performance engines for decades makes the signet of the Bottrop-based Manufaktur stand out even more prominently.

There also are white and black polo shirts with color-coordinated BRABUS logo for fans of the company who would rather express their affinity in a very subtle way.

Of course, the BRABUS "BRANDWEAR COLLECTION" also includes garments for the cooler months of the year: The sweatshirts likewise come in black or white with a choice of printed or embroidered logo in the color of the respective sweater. Like the T-shirts, there is the option of having the logo printed on a red background. The BRABUS hoodies sport the identical design.

The black, partially embroidered BRABUS team jacket with red BRABUS logo and zippers rounds off the BRABUS outfit. A black baseball cap with black BRABUS embroidery and brand label completes the range.

Another exclusive concept of the BRABUS designers is the first limited "G CAPSULE COLLECTION," which is all about the legendary BRABUS G V12 900 "ONE OF TEN" high-performance supercar based on the Mercedes G-Class.

The highlight of this fashion line is the black "G 900" bomber jacket made from 100 percent cotton, which in white not only sports the brand name, but also a big "B" on the front. On the back, the "BRABUS G 900" appliqué signals the kinship with the world's most powerful twelve-cylinder off-roader, whose 662 kW / 900 hp (888 bhp), 1,500 Nm (1,106 lb-ft) of torque and 280 km/h (174 mph) top speed are the measure of all things in this segment.

The "G CAPSULE COLLECTION" also offers red, black and white T-shirts sporting various prints of the vehicle or the logo. As an alternative to the white sweatshirt with an illustration of the side view of the power off-roader, there is a black sweater showing the front of the BRABUS G V12 900.

The same choice cotton is also used to produce three different hoodies exclusively for BRABUS. The black hoodie sports an embroidered appliqué of the supercar. This exquisite apparel is also available in red and black with a "G V12 900" print.

The track jacket and the track pants of the "G CAPSULE COLLECTION" were devised as perfect companions for recreation and sport. Both of them stand out immediately not only due to their bright red color: The black BRABUS "B" is woven into the fine cotton throughout, joined by a white BRABUS signature mark and pinstripes in the same color.

The icing on the cake is the black BRABUS G V12 900 cap with white embroidery above the bill that shows the Uber-Gelaendewagen. The great love of detail is even evident in the inner liner whose shiny red color sets a thrilling visual contrast and whose black crisscrossed straps present the model name of this supercar.

All accessories of the "G CAPSULE COLLECTION" by BRABUS are produced in Portugal from choice materials such as the finest cotton, and are now available at www.shop.brabus.com.
